

Mohd Zaka Ali

Software Developer (Ruby on Rails) transitioning to Data Analytics

Delhi (NCR), India | +91 7309114283 | zakaali261111@gmail.com

[Portfolio](#) | [linkedin.com/in/zaka-ali](https://www.linkedin.com/in/zaka-ali) | github.com/Zaka98

PROFILE

Software developer with 3.5 years' experience building and maintaining Ruby on Rails applications, with hands-on SQL work spanning querying, data validation, reporting, and data visualization. Completed the **Google Data Analytics Professional Certificate** and a data science fundamentals course, and have since built three independent analytics projects covering EDA, SQL, Python, and Power BI/Tableau dashboarding. **Seeking to move into a Data Analyst, Business Analyst, or MIS Executive role.**

TECHNICAL SKILLS

- SQL: queries, joins, aggregations, data validation, reporting (developed through production RoR/PostgreSQL work)
- Programming: Python (Pandas, NumPy), Ruby on Rails, Git
- Visualization & BI: Power BI, Tableau, Data Visualization, Dashboarding, Matplotlib, Seaborn
- Data Handling: data cleaning, wrangling, exploratory data analysis (EDA), MIS Reporting
- Other Tools: Advanced Excel (Pivot Tables, VLOOKUP), Jira, Jupyter, Linux

EXPERIENCE

Software Developer — Ruby on Rails — Octascale Technologies Pvt Ltd

July 2022 – Feb 2026

- Wrote and optimized SQL queries against production databases to support application features, reporting, and troubleshooting.
- Performed data validation and integrity checks during feature development and data migrations to prevent duplicate or inconsistent records.
- Built backend logic to generate operational reports consumed by business stakeholders.
- Collaborated with cross-functional teams (product, QA) to translate business requirements into reliable, data-accurate features.
- Used Git for version control and Jira for sprint-based task tracking in an agile team environment.

DATA ANALYTICS PROJECTS (SELF-DIRECTED)

Full portfolio with repositories: zaka98.github.io/analytics-portfolio

Retail Superstore Profitability Analysis | Python, Pandas, Data Wrangling

- Analyzed retail superstore transactional data to identify unprofitable categories, evaluate shipping mode impact, and flag discount patterns eroding margin.

Mobile Sales Performance Analytics | Python, Power BI, Excel

- Ran an end-to-end sales analytics workflow on mobile phone transaction records to surface top-performing models, regional demand trends, and revenue growth.

Tata Data Visualisation Simulation | Power BI, Tableau, EDA

- Completed a Tata Group (Forage) job simulation as Data Consultant, using Power BI to answer CEO/CMO-level questions on retail expansion, revenue, and customer retention.

CERTIFICATIONS

- **Google Data Analytics Professional Certificate** — Google / Coursera | Credential ID: LROGEWAGXE4Q ([Verify](#))
- **Introduction to Data Science** — NetAcad | Badge ID: 58bb066d-66c2-412c-b6bf-2e9bb501b748 ([Verify](#))

EDUCATION

Bachelor of Technology (Civil Engineering)

Dr. A.P.J. Abdul Kalam Technical University, Lucknow, Uttar Pradesh | 2017 – 2021

Intermediate (Class XII)

Benhur High School and College, Prayagraj, Uttar Pradesh | 2015 – 2017
